

SPACE 4 SCIENCE APPEAL

With 88% of students studying one or more science subjects to A Level, Colyton Grammar School urgently needs more specialist science accommodation.

Colyton Grammar School Parents' Association is committed to helping School achieve this. We have already donated £62,000 to the project but are aiming to contribute a total of £100,000 over the next two years.

HELP US REACH OUR TARGET

- Direct financial donations
- Help at PA events
- Donate prizes or uniform
